HOIS LAUNCHES CAMPAIGN FOR ILLINOIS HOUSE DISTRICT 81*

Promotes America-First Policies, Common Sense, Smaller Government and Lower Taxes

DOWNERS GROVE, IL - Republican Laura Hois announced her campaign for the 81st District of Illinois House of Representatives today to promote America-First Policies and Common Sense.

The policies coming out of Springfield don't represent our priorities and values. Instead of honesty and accountability, there is no transparency as they advance fringe left-wing agendas.

D-81's extremist incumbent Anne Stava-Murray has voted for higher gas taxes, excessive spending, defunding the police, not allowing law enforcement to work with ICE, de-criminalizing fentanyl, "reproductive rights" for women, all while pushing gender transition for minors, indoctrination (C.R.T., D.E.I.), sexualization of children in schools and pornography in libraries.

We the People must act to protect core American values and reject Stava's radical left ideology.

Stava-Murray has for 6+ years weaponized government against us and done nothing to help us. She has taken away private health care, limited our personal choices and made us less healthy:

- insisted that a minor can consent to gender transition treatments and/or procedures
- adopted SB 818's explicit, perverse National Sex Education Standards (NSES) for K-12
- introduced HB 4876 to make it a crime to object to gender-transitioning your child
- voted for late term abortion, no parental rights to notice
- increased taxes every year, expanding government services
- voted for the unsafe Safe-T-Act and has repeatedly supported pro-criminal legislation

Laura has led the battle for Downers Grove residents against lockdowns, mask mandates, COVID vaccinations, critical race theory, drag queen shows in public institutions, censorship, and men in women's private spaces. She has publicly opposed WOKE policies and will continue to do so.

Laura successfully persuaded Downers Grove Park District to revise its ordinance restricting free speech in public parks, protecting patrons' first amendment rights in the Village's parks upon removal of previously established "Free Speech Zones." See *Chicago Sun-Times* March 18, 2025.

You deserve better representation in District 81: support Laura Hois. You will be glad you did.

Hois for State Rep D-81

*The 81st District includes all or portions of Downers Grove, Lisle, Naperville, Woodridge, Darien, Westmont and Bolingbrook in DuPage and Will Counties.
